Amy, at the request of my R8 counterpart, Matt Tejada called together the EJ coordinators of Regions 6, 8 and 9 to trade notes re what we're hearing re the Gold King mine release. One suggestion that came out of this check in was that it would be helpful to advise all staff in the three regions what to do if there are callers / inquiries / press. The advice my R6 peer got is below but it was a while getting to him.

Please reply to citizen in email and ask them to call the JIC at the number listed below. We are advised not to field questions from within the Region. I asked about email inquiries. At this point they want folks to call JIC with questions.

Please use this information to handle incoming media and citizen calls regarding the Gold King Mine release and EPA's response activities. Thanks, David.

Local and national media inquiries should be forwarded to press@epa.gov.

A phone line has been set to handle local and national media inquiries; that number is [970-812-3351](tel:970-812-3351) and will be staffed by press officers within the Joint Information Center in Durango, Colorado.

A toll-free citizen hotline has been established with English, Spanish and (soon Navajo) operators at 844-607-9700.
